TAKE IT HOME – Help Parents shape kid’s faith at home

Faith Begins at Home was such an amazing read. It really clarified where my heart is, that faith begins at home. Mark Holmen and Dave Teixeira have put together a great resource for parents and pastors alike.

As Karen and I work with FamilyLife Canada fighting for and equipping marriages, we see that what Mark and Dave have put together in the Faith Begins at Home, is something for parents to read and embrace and church leaders to embrace and promote. Our desire would be to see the church become a church OF family ministry. We see these resources as a great way to make this happen.

Check it out and hang on to be blessed and encouraged!
